TEACHERS COME BACK

Round Valley Prepares For Busy Winter Of Scholars

Special Correspondence of The Press

COVELO, Aug. 28.—Up from the seashore; down from the mountains; sun-tanned vacationists are hurrying home to "curry" the kids for good old "school days" and, really, everyone is always glad to see them back. Teachers returning, too, bring an air of dignity into town.

Going To University.

Several June high school graduates are ready to leave for college, among them Miss Imogene Lovejoy to San Jose State College, Louis Feigin to a San Francisco engineering school, Miss Lois Gray to Sacramento, Miss Aura Lee Anderson, to a secretarial college in San Francisco. Miss Barbara Hunt has enrolled at University of California, Miss Myrtle Katherine Rohrbough to Davis, Milton Lane to State Polytechnic at San Luis Obispo, Miss Barbara Quinlan returns to Mills College, Allan Lowry to Humboldt State College.

LONG ILLNESS IS NOW ENDED

Death Takes Stanton McGimsey Following Sickness

Ukiah and Anderson Valley residents, as well as many friends of the family throughout the state, were saddened this week over the death of Stanton McGimsey, son of Grover S. and Nellie E. McGimsey, of this city, who passed to his last reward in death August 26, being 27 years of age.

Ill Three Years.

Stanton McGimsey some three and a half years ago contracted tuberuclosis and in the early stages of the disease, under the care of Dr. Neil P. Donnelley, was placed in a San Francisco hospital, where not doing so well, he was removed to his home in Ukiah and, under the nursing of his mother, grew well enough to travel, and accompanied by his father visited Arizona, New Mexico and Old Mexico in an attempt to fully regain his health, but, failing to do so, returned to his home in Ukiah in March of this year, where he has been under the constant and watchful care of his mother, who has administered to his every want.

Planned A Trip.

Father and son had planned for a meeting in San Francisco August 15, to arrange a camping trip to Trinity county, but a relapse in Stanton's condition developed and Mr. McGimsey was called home from Utah. For the past two weeks, with Dr. H. O. Cleland in attendance and Mrs. Carl Prather, a sister of the father aiding, everything possible to make the last hours of the lad's life comfortable was done.. Of an adventurous nature, Stanton McGimsey gained the admiration of many people for his courage to travel and live a full life in spite of his handicap, and will long be remembered as one who had a good word for all with whom he came in contact.

A Talented Man.

Stanton McGimsey was a professional dancer, and but for his illness would have no doubt gone to great heights in his work.

Burial On Monday.

Funeral services were held at the Eversole Mortuary Monday afternoon at two o'clock, conducted by Ella May of the Christian Science church. Solos were rendered by Christine Burke. Floral offerings were many and beautiful. Pall bearers were Jack Cox, Morris Cox, Tom Cox, Bof Fairbairn, Leo Prather and Ross Adams, cousins of deceased.

Fall Crops Are Being Gathered—Industry Reigns

APPLE DRIERS START

Five To Six Cents Is Price Being Paid For The Crop

Special Correspondence of The Press

ANDERSON VALLEY, Aug. 29.—Fall ranch work is in full swing. Hop picking starts Monday morning at the H. J. June ranch; the apple driers are almost all commencing work in earnest, while the prune pickers, with weary backs and sore knees, are plodding through the orchards in their second week of picking. Most of the youngsters of the valley are hustling for jobs to supplement the family income or provide extras in the way of school wearing apparel.

What Market Is.

To date no price has been offered for prunes and five and six cents for choice and extra choice dried apples, quartered, is the top price while sliced dried apples are quoted at 4½ cents. Local driers are not drying slices this year, though.

Working On Fair.

Judge H. J. June was a Ukiah visitor Thursday, going there in connection with his work as manager of the County Fair and Apple Show which will be held this year October 6, 7 and 8. Judge June goes to Sacramento this week to iron out some of the problems of the premium list.

Was Being X-Rayed.

O. H. Robinson, who has been in San Francisco some time taking X-ray treatments, returned home last week. It is hoped the treatments will prove successful.

Mr. and Mrs. Emmett Brennan, of Richmond, were weekend guests at the J. T. Farrer home. Mrs. Brennan and Mrs. Farrer are cousins.

Mr. and Mrs. Donald Logan and small daughter, of Berkeley, are enjoying a vacation at the home of Mrs. Logan's parents, Mr. and Mrs. A. B. Willis.

Had Nice Time.

The dance at Pardini's Hotel, Navarro, Saturday night was well attended and a pleasant evening enjoyed.

Father Died Tuesday.

Herbert Philbert was called to the coast by the death of his father, Chas. Philbert, for whom last services were held Saturday afternoon at 2:30. Mr. Philbert passed away Tuesday evening following a heart attack.

Got A Buck.

Mr. and Mrs. Peter Dormey, of San Francisco, are enjoying a camping outing in the Babcock redwoods and Mr. Dormey had the good luck to get a three-pointer the first shot the first morning he went out hunting after his arrival here. The deer dressed well over 100 pounds and Mr. Dormey put it in cold storage until he returns to San

Driver, Pacifying A Pet, Crashed Into Roadside Tree

Parties over from Lake county tell of a peculiar mishap which befell Charles E. Campbell, of Lucerne, who drove his automobile off a highway and into a tree when he was attacked by a small dog. He is recovering from a gash above the left eye and minor bruises sustained when the machine was wrecked.

How It Happened.

The accident occurred on the river road north of Sacramento. Mr. Campbell was on his way to visit his daughter, who attends school in the Capital City, and took the dog with him because it belongs to the young woman. The dog, only five months old, kept crowding Mr. Campbell on the front seat and Mr. Campbell kept pushing it aside until, he said, it became enraged and attacked him so he could not keep the auto on the highway. He was treated at the emergency hospital at Sacramento before returning home.

Former Merchant At Calpella Rests At Side Of Wife

At the age of 70 Thomas Brydon, former Calpella merchant, died in a hospital at Modesto Sunday following an operation.

PAUL BUNYAN WILL COME BACK TO HIS OLD HAUNTS SATURDAY—WHOLE COAST WILL GREET HIM

No County Celebration Yet Held Will Approach Magnitude Of Program Fort Braggers Will Put On

LOGGER'S SPORTS TO BE PLEASING REVELATION

Thrills Every Hour Of The Day Dot The Clean Amusement Feature-Filled Offerings You Will See

Not since the first scaler and punkhunter viewed the big sticks in Mendocino county has there been such a rallying around as is now going on in preparation for celebrating "The Return of Paul Bunyan" in Fort Bragg September 2, 3 and 4.

It's All Dolled Up.

The entire town has been attractively decorated and gone down the tote road as far as anything but Paul Bunyan Days are concerned. And with the return of the colossal figure, famous and popular legendary hero of the lumbercamp whoppers, there will be three days of celebrating, entertainment and fun-making surpassing anything ever before seen by man or beast.

She'll Be Surprised.

Even Babe, Paul Bunyan's loyal blue ox, who was 42 axe handles and a plug of tobacco between the eyes, and whose footprints made the valleys and lakes in the Redwood Empire, will be astounded at the contests of lumber camp events, scheduled by the local committee.

They Are All Coming.

Lumberjacks from all parts of the Pacific coast will be putting on the front in an attempt to impress and win favor with the ladies, while others in regular gear will take part in skillful axe throwing, log rolling, log chopping, log bucking, greased pole and hi-pole climbing contests, staged under rules and regulations of the Pacific Logging Congress.

You'll See Him.

From the giant Redwood forests near Fort Bragg will come Paul Bunyan himself, world's champion redwood log bucker and as fine a man as ever lit a light in the woods. Wearing size 15 shoes, made special for him by Makela the shoemaker of Fort Bragg, he is purported to be the only lumberjack who today sharpens his axe on the same grindstone invented by the famous Paul Bunyan the time he cruised through the forests of western America and logged off the really big redwoods for a game of jackstraws.

The Gals Are Active.

In addition to contests of loggers and lumberjack skill, there will be colorful folk dances and pageantry staged by the women-folk of the community; old fashioned dances with music by the Redwood Wildcat band concerts featuring the original Paul Bunyan March, composed by band members especially for the celebration; baseball games and, for those who prefer events of the old west, a Rodeo will be staged.

Everything is all set for a great "Return of Paul Bunyan" celebration at Fort Bragg over the Labor Day weekend, September 2, 3 and 4.

DON'T LET THIS FINE ANIMAL DIE

Drunken Transient Was On Jamboree

Sam Bayliss, a transient, while drunk and disorderly tore down the Gypsy tent next to the Redemeyer building. He was placed under arrest and Thursday Judge Don Ward of Hopland, who was acting for Judge Will Van Dyke, sentenced him to 30 days in the county jail.

TO BE JUDGE

Dr. E. C. Bennett is to act as one of the judges at the Lake County Horse Show and Fair Sunday.

Mr. and Mrs. K. B. Wallach, of Boonville, were transacting business at the countyseat Tuesday.

Paul Bunyan Returns

"The Return of Paul Bunyan will be celebrated in Fort Bragg on September 2, 3 and 4, with a spectacular three-day program of entertainment devoted to contests of skill including axe throwing, log rolling, log chopping, greased pole climbing, log bucking and hi-pole climbing. Assisting Paul Bunyan in plans for the event are Emma Pavioni and Evelyn Waara.

GIRLS CITED FOR HEARING

Coast Juveniles Will Be Questioned By Authorities

MUST BEHAVE

(Fort Bragg Advocate)

Five girls ranging from 14 to 16 years of age, residents in and near Fort Bragg, have been cited to appear before the Juvenile court at Ukiah. Their parents have also been summoned to be interrogated regarding why they cannot better control them. These girls have come to the attention of the officers through evidence secured in the recent arrests of a number of youths.

Fort Bragg now has one of the most efficient police departments of any city of the same size in the state. One reason for this is because every member of the police department has attended the Peace Officers Training School, which is held at University of California and the knowledge gained has been of vast service in their work. Recently they have broken up a vice ring and two of the members of it are already in San Quentin prison and several others headed that way.

Carefully Watching.

On account of the isolation of the Mendocino coast city criminals in the past have frequently gone there to hide out, but now they are carefully checked and, when warrants are out for their arrest, they are sent back to the place they are wanted. Other undesirables are told to "beat it" and stay away.

Schools To Open On September 18

The high and elementary schools of Ukiah are to open Monday, September 18.

RESUME CHURCH SERVICES

Regular services will beresumed at 11 a. m. Sunday at Holy Trinity Episcopal church by Rev. E. H. Benson, and will continue at that hour first and third Sundays of each month.

SPAN STILL GAINS

Traffic on the Golden Gate bridge this month has shown an increase of 24 per cent over the same period last year, President Warren Shannon of the bridge and highway district board of directors, announces. Total revenue for the first 20 days of this month was $158,633, compared with $128,306. A new high for traffic was set Sunday when 27,101 vehicles crosed the bridge, netting $13,633 in tolls. It was the highest revenue for any one day since August 8, 1937.

DR. RAPAPORT THOUGHT SURE TO GET BERTH

Former Talmage Doctor Believed Going To Napa Post

ABANDONED TALMAGE

Campaign To Obtain Nearby Job Said To Be Off

Local residents will recall a number of years ago a clique fight at Talmage resulted in Dr. Walter Rapaport losing his position on the Talmage medical staff and being out of the service a number of years.

Made Great Fight.

The late Attorney A. L. Wessels took up the fight for Dr. Rapaport and, after long litigation, secured a $12,000 judgment against the state and an order re-instating Dr. Rapaport in his old job.

Asked For Change.

However, due to friction which was certain to arise, Dr. Rapaport asked to be stationed at some other hospital than Talmage and the Department of Institutions decided he should go to Napa. He has been at Napa ever since.

To Get Post.

In Friday's Santa Rosa Press-Democrat there appeared the following: "Some of these days it is expected an announcement will be made concerning the selecting of a new superintendent for the Napa State Hospital to succeed the late Dr. John Scanland. Friends of Dr. Walter Rapaport, one of the staff of physicians at the hospital, have been busy endeavoring to secure the place for him. He is one of the three surgeons on the list from which the superintendent will be named."

Thought In The Bag.

From high authority The Republican Press learns the campaign to have Dr. Rapaport returned to Talmage as superintendent has been abandoned and that, in all probability, Dr. Rapaport will take the superintendency of Napa within a very short time and, if he is selected, he will make an excellent administrator.

WILLITS, Aug. 28.—W. E. Parker, of Korbel, Humboldt county, ran off the grade and plunged 150 feet to the bottom of a canyon Monday of last week. The accident took place near Lane's Redwood Flat, 51 miles north of Willits. Carl Miller was a short distance in the rear and saw a cloud of dust arise when the car hit the bottom. Help was summoned and the injured man was rushed to Howard Memorial Hospital where he died the following night.

Was Badly Battered.

A Pasadena physician who happened to be in the vicinity of the accident gave emergency aid and waited until the ambulance arrived to take the injured man to the hospital. Upon arrival at the hospital, Dr. R. A. Babcock was on hand and examination showed the victim had received a fractured collarbone and shoulder blade, four fractured ribs, contused wounds of the head, chin and neck and internal injuries. He did not regain consciousness.

Apparently A Slovenly Driver.

Before the accident took place it was noticed Mr. Parker was driving in a very careless manner and those who saw him predicted a serious accident might befall him. Where he ran off the grade the highway is wide and almost level and there was no excuse for the mishap. The remains were shipped to Arcata for burial.

PROTECT OUR PUBLIC FUNDS

EXPERTS WHO HAVE CRITICALLY examined the so-called Ham and Eggs, or $30-Thursday proposal on the November 7 special election ballot have discovered that, by an obscure two-line item in the mass of some 15,000 words the measure contains, absolute power over public funds in California would be given to the Administrator of the plan.

Not only would the entire budget resources of the State be turned over to the Administrator, but likewise the funds of every political sub-division of California would be given into his custody. The total would be something around $600,000,000.

The Ham and Eggs plan, officially known as the Retirement Life Payments Act, sets up what is called a "Credit Clearings Bank." While ostensibly this bank, which would in fact be in competition with every privately owned bank in the state, was primarily planned to handle the $30-Thursday warrants, by the insertion of two lines, known as Section 26, full control of ALL state funds of whatsoever nature is given to the Administrator of the script plan, who is also specified as Chairman of the Directors of "The Credit Clearings Bank."

Section 26 says: "The State of California and all counties, cities, boards, districts, commissions, agencies and all other political subdivisions of the State ,counties and cities shall use said bank as sole depository."

Dangerous as this dictatorial provision is, the Act further provides script warrants shall be accepted at face value in the payment of all licenses, taxes, fees and royalties. This could only mean the speedy and utter collapse of the entire tax revenue system and the substitution of warrant script in place of lawful money in all branches of government operation.

Former Attorney General U. S. Webb has declared in a public statement the adoption of the plan would inevitably lead to ruin..

Certainly the judgment of this eminent citizen should merit the consideration of all; and more especially in view of the radical provisions in the measure discussed here. But, remember, the only way to beat the Ham-and-Eggers is to register and vote.

THE SOVIETS SELL OUT

(The San Francisco News)

SOVIET RUSSIA HAS SOLD OUT to the highest bidder. That is the only construction we can place on the momentous news that Moscow has agreed to sign a non-aggression pact with Nazi Germany.

Whatever its other consequences—and they threaten to be many and grave—this treaty, if concluded, will prove the complete insincerity of both parties to it.

For years they have posed before the world as deadly enemies. Hitler rose to power by promising to save his country from the "red murderers." Germany, with Italy, Japan and other members of the anti-comintern alignment, is pledged to suppress the spread of world communism. The Soviets, for their part, have howled against Hitler and all his works, while American Communists and their deluded fellow travelers have been assuring us Russia is a true democracy, a firm opponent of fascism.

Even after yesterday's announcement of the two-year trade agreement between Germany and Russia, men close to Stalin were insisting that the Soviets would continue to negotiate in good faith with the British and French representatives who have been striving for months to bring Russia into "the peace front." That was only a few hours before the bombshell revelation at Berlin of Von Ribbentrop's mission to Moscow to conclude the non-aggression pact.

Plainly Russia, while haggling with Britain and France, has been secretly dealing with Germany. Plainly Dictator Hitler and Dictator Stalin have been willing to forget all their professed principles to strike a bargain and to spring the news of that bargain at the precise moment when it would most help the Nazis and most hurt the democracies.

It is cold comfort for Britain and France to discover that Russia undoubtedly would have been an undependable ally, as she has been a treacherous friend. And cold comfort for Poland, her peril now tremendously increased, to reflect that Russia and Germany can have no real faith in each other.

This strange new Nazi-Communist friendship may not be an enduring one. But, while it lasts, it will be one of the ugliest facts the world has ever had to face.

Hitler, apparently assured of access to Russian raw materials and of immunity to attack from the huge Soviet military machine, is equipped to run a stronger bluff than ever before. And Britain and France, if they attempt to resist German aggression without hope of assistance from Russia, will have to face frightful odds. The armies and trained reserves of the Axis powers outnumber those of France and England nearly two to one.

Whether this development has increased the imminent danger of war in Europe, or whether it has delayed actual fighting while intensifying the "war of nerves" which seemingly can end only in armed conflict, the next few days may tell. Meanwhile, a world grasping at such straws as the Pope's fervent appeals for peace and the efforts of the seven little neutral nations whose representatives meet this week in Brussels, can only hope against hope for the best.

HOW DID THE SNAKE DO IT?

Rattler Performs An Unusual Climbing Stunt Up North

Mr. and Mrs. Fred Redemeyer were down from their Long Valley ranch last week and Mr. Redemeyer was telling a "Believe It or Not" rattlesnake story. A few days previous they were putting some alfalfa hay in the barn and it so happened there was a fir pole about six inches in diameter fastened between two buildings and this pole was higher than a man's head. About six months previous Mr. Redemeyer had killed and skinned two sheep and the hides were hanging over this pole. These hides happened to be in the way and he reached up to remove them and when he did so a rattlesnake dropped out.

A Climbing Feat.

The mystery is this: How did this snake climb up the side of a building a distance of seven feet and then crawl out on the pole another five feet and get under the hides? The snake ran under the barn and when the men returned from dinner was coiled up under a truck and they killed it.

OLD FRIENDS VISIT

Mrs. Catherine Smith and daughter, Miss Mary Smith were agreeably surprised when neighbors from their former home in Caledonia, Minnesota, called on them Friday while making a motor trip from the east to see the World's Fair on Treasure Island. The young ladies were Miss Barbara McCormick, who is now a nurse in a Philadelphia hospital, and Miss Theodora Bouquet, of Caledonia. After a visit at the Smith home they continued north over Redwood Highway to Portland and Seattle intending to reach home September 15.

Mrs. Jack Crawford enjoyed a visit from her parents who were here from their home in San Francisco for two weeks.

EMBARKING FOR FAR-AWAY LAND

Mrs. Harold Bolton Is To Join Husband In Arabia

Mrs. W. H. Higgins is in San Francisco, this week, where she is the guest of her sister, Mrs. Harold Bolton, who will soon take her departure for the Orient. Harold Bolton, an engineer for the Standard Oil Company, has been stationed in Arabia about 50 miles from the seacoast for the past six months. He expected to come home at this time but the company has requested him to remain in the Far East for the rest of the year, so he has written for his family to join him. Mrs. Bolton and their three and one-half year old son, Harry, will sail from San Francisco, Saturday, on the S. S. President Polk enroute to the Orient. The ship will call at Honolulu, Manila, Hongkong, Singapore, Bombay and other ports on the way. Mrs. Bolton and son will land on the Island of Bahrein off the coast of Arabia, where they will be met by Mr. Bolton

To Be At Dock.

Mrs. H. J. Burwash, mother of Mrs. Bolton and Mrs. Higgins, has been a guest in the Bolton home for several weeks past. Mrs. Burwash and Mrs. Higgins will be present at the sailing of the President Polk to bid Mrs. Bolton and her son goodbye and to wish them bon voyage. W. H. Higgins will go to San Francisco, Saturday, to bring them home. They will return to Caspar by way of Anderson Valley.

Old Time Printer Seeks His Cronies

B. D. Moore, of Chico, was here last week looking up old friends connected with The Fourth Estate. Years ago Mr. Moore worked with Postmaster E. P Thurston when he was running The Dispatch-Democrat and also with Harry Hughes who was then with Editor Sanford's paper and is now employed on The Republican Press. Mr. Moore is engaged in the printing business in Chico, being a member of the firm of Hurst & Moore, commercial printers.

Small Boy Kills A Three-Pointer

Bobbie Benz, the 13-year-old son of Mr. and Mrs. Will Benz, killed a three-pointer in the Robinson creek section. He was out hunting with some other youthful companions but happened to be alone when the buck came in sight about 150 yards distant and Bobbie shot it through the heart with a high-powered 22-caliber rifle.

Mrs. F. W. Taft is passing the week in San Francisco and expects to devote some time to seeing the World's Fair.

Mr. and Mrs. Will Briggs have returned from a week's outing on the coast.

Sidelights *of* Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, who is the chairman of State Board of Prisons of California.

WHERE LAW OF FEAR KILLS JUSTICE

I knew a prison drama was unfolding as soon as I saw the characters and I made a mental size-up one of the toughest killers in Folsom could not stand up against the enforced shev law of the desperate convicts.

The details developed themselves in a melodramatic form.

You could not help but appreciate you had a ringside seat at a classic murder set-up. Only once while grim-faced convicts told their stories, in gangland jargon, out of the corner of their mouths, did a smile-provoking incident arise in the trial the Prison Board held Saturday to sift a stabbing in the prison yard.

The victim of the cutting was a murderer, a big shot in the yard and hard as nails.

We had called him in first and he had run out on us. We tried to get him to tell us who stabbed him, but he had dummied up. I never have seen a man so overcome by fear as he was.

You cannot get into the board room at Folsom where convicts are tried. Steel bars protect the door and an armed guard is stationed outside but, despite the fact the prisoner knew this, he had the jitters every time the door opened and he turned his terror-stricken face in that direction, anticipating an enemy was breaking in to attack him. All the time we had the convict in the room he whined. He pleaded with us not to put him on the spot. He swore he would not be a fink. He told us, if he informed the board who stabbed him, he would be killed in the yard, and we knew he would.

Hundreds of convicts saw the stabbing.

Not one of them would tell a thing about it. The knife-wielder stabbed his victim and quickly he threw the prison-made dagger to the ground. A convict kicked the knife back of him with his foot, another did the same. Soon the weapon was far from the scene of the knifing—then some inmate hurled it away.

The weapon has never been found.

"Society Red" was the man stabbed. "Russian Pete" owed him some tobacco. "Society Red" threatened him. A friend of "Russian Pete's," "Red" Dennen, light-heavyweight boxing champion of Folsom, took up "Russian Pete's" cause and, while the convict line was forming, drove the knife into "Society Red's" breast, just beneath the heart. Prison surgeons saved his life.

Two guards saw "Red" Brennan and "Society Pete" fighting and rushed toward them to break the fight up. Inmates, as they always do, got in their way, apparently unintentionally, and interfered with the progress of the guards towards the fighters—Convicts love nothing so much as a yard fight or knifing. The two guards told us "Red" Brennan had stabbed "Society Red."

We got no other evidence.

"Red" Brennan testified. He clammed up on everything. Other than to say he was shoved around by "Society Red" we got nothing from him. Some Director asked him how "Society Red" got his nickname. The answer was: "He bumped a guy off and dey was going to hang him and a lot of society dames got busy and had the Governor save him." Every convict we knew had been a witness to the stabbing was brought in. Each of them denied any knowledge of the crime. "Society Red" we knew would be killed, if we made him talk. We could not be a party to his murder, so we did not put him on the stand. We took the evidence of the two guards and found "Red" Brennan guilty.

When I witnessed the terror gangland, even when restrained by rifles in a prison like Folsom, exerts over an informer, I was satisfied that, while "society dames" might have saved "Society Red" in a court of justice for murdering a man, his days would be numbered if he fingered the enemy who had sunk a dagger beneath his heart.

Coming home from Folsom Saturday I pondered long over the case of "Society Red" and I know I am right when I tell you wherever you find truth is suppressed by a reign of fear there you will find justice dead.

IS BACK FROM MISSOURI

Mrs. F. R. Leonard returned home Sunday from a trip to Kansas City, Missouri. She was called east by the illness of her sister, Miss Mary Lee Coffman, who passed away in a hospital at St. Joseph, Missouri, after Mrs. Leonard's arrival there. Mrs. Leonard then remained for a few weeks' visit with her parents, Mr. and Mrs. J. L. Coffman, at Lawson, Missouri.

Dr. and Mrs. A. B. Guslander were countyseat callers Sunday from Willits.

RAIN HALTED FOREST FIRES

A Slight Precipitation Cleared Smokey Atmosphere

Light showers fell all over the county Wednesday but were hardly sufficient to lay the dust. They sufficed, however, to clear the atmosphere of the pall of smoke and gasses and this was a great comfort to everyone. No damage was done hops or fruit.

Were Able To Rest.

The showers were also sufficient to reduce the fire hazard and help our hard-pressed fire suppression crews get a little rest but the danger from fire is not yet over.

Bad Greenwood Fire.

The first of last week a brush fire near Greenwood burned over 100 acres and another fire near Union Landing burned over 300 acres of young timber. Fifty CCC men were brought here from the Sebastopol camp and with the help of local forces soon had both fires under control.

Two Fires Reported.

A fire east of the upper end of Long Valley and another on the Laytonville-Dos Rios road were the only fires of any consequence by the end of the week.

Go To Bay District In Quest Of Knowledge

Mrs. Mark A. Eglin and Mrs. V. C. McClure left by automobile Sunday for the bay region. They are visiting the night schools of Oakland and San Francisco in which Americanism subjects are taught. Mrs. Eglin teaches a night school in Calpella which prepares aliens for citizenship and Mrs. McClure teaches a similar class in Ukiah. During the time they are in the bay area they will be guests of friends and relatives in Berkeley, Oakland and San Francisco. Mrs. Eglin attended the executive board meeting of the San Francisco District C. F. W. C., held in San Francisco Monday.

arose and landed perfectly. Instructor Gene Graham states several others of the local class are about ready to solo. The Willits aviation field is smaller than those of the large cities and Mr. Graham is giving his students special instruction in landing, which is the danger point.

Visiting Aviators Pleased.

Members of the Northern California Aviation Club who came up from San Francisco to attend the firemen's picnic and barbecue were very much pleased with the reception they received and last week their secretary, Mr. McMullen, wrote a letter in which he stated the local airport is excellent, considering existing topographical conditions in this section. He closed by saying members of the Club were looking forward to a return trip when the hangars and surfaced runways are formally dedicated.

Ranch House Burns.

The house on the Rose brothers ranch at Longvale burned Monday night with its contents. The origin of the fire is unknown and when discovered it had reached such headway only a few personal articles were saved. The loss will probably exceed $3000, for the house alone could not be replaced for much more than that sum. The insurance was only $1200, according to Whitney & Larson who wrote the policy.

Champion Lady Hunter.

Mr. and Mrs. Glenn Jamison went to the Dos Rios section for a hunt the first of last week and they decided to try their luck hunting in different directions and then meeting at a certain time by appointment. Mrs. Jamison, after walking some time, decided to take a rest and while sitting on a rock a fine five-pointer came bounding by and she shot it through the shoulder. It only went about 10 feet and fell down dead. Mr. Jamison did not even get a shot and, of course, he feels quite badly.

Get Driver's License Here.

Several weeks ago it was announced that the examinations for driver's licenses in Willits would be discontinued and all applicants would have to go to Ukiah to get them. The plans have been changed again and beginning August 31, F. O. Brigham, the examiner, will be here Thursday of each week and will make his headquarters at the Chamber of Commerce rooms. Fort Bragg will also receive this special service.

Injured His Head.

William Trehas, a railroad employe, fell on the railroad track near Dos Rios last week and received head injuries that necessitated his being brought to Howard Memorial Hospital for treatment. After Dr. R. A. Babcock had dressed the wounds the injured man was able to return home.

Badly Cut Hand.

Miss Corinne Lindauer, of San Francisco, was having an outing in Jackson Valley and one day while swimming she held a milk bottle in her hand while making a dive and the bottle struck on a rock and broke and cut the tendon in her thumb. She had to be brought to the hospital to have her injuries attended to.

Postpone Dog Case.

An unusual occurrence has caused the postponement of a damage suit in Judge Larson's court. About a month ago Gus Kling, of Fort Bragg, ran over and killed John Sagehorn's stock dog and the latter sued and received a judgment for $150. The judge was notified last week that Mr. Kling had died at Lakeport and unless he left an estate the matter will have to be dropped.

Doing Nicely.

Mrs. Mary Van Cleemput has almost completely recovered from her recent illness and is once more able to attend to the business of Hotel Van and Hotel Willits. For several months last winter Mrs. Van Clemeput was in a critical condition and her numerous friends will be pleased to learn she is now doing nicely.

Show $400 Profit.

The fire department made a profit of $400 on the annual Frontier Days celebration, according to the financial statement which was made public last week. The total expenses amounted to almost $7000 and, everything considered, this is a good showing.

Given Farewell Diner.

Mrs. Alice Baker was given a farewell dinner by Mrs. A. H. Thompson last week. During the more than a quarter century Mrs. Baker has resided here she has taken a very active part in social affairs. When Willits Chapter, O. E. S., was organized she was the first worthy matron and she has also been president of the Woman's Improvement Club. Mrs. Baker will make her future home with her son, Ray Baker, at Santa Maria.

Hospital Was Busy.

Betty Cummins, the blind girl who has received so much mention during the past two years, underwent a tonsillectomy. The same day her sister, Dorothy, Patricia Branscomb of Branscomb and Betty Dempsey of Willits had similar operations performed by Dr. R. A. Babcock. D. G. Thompson, of Talmage has been released following a major operation last week. A baby boy was born to Mr. and Mrs. K. Muelrath last week.

Arterial Signs Put Up.

The California State Automobile Association in co-operation with local authorities installed two "Stop" signs on School street last week. The signs were placed at the intersection of Mendocino and Wood streets where they cross School street.

Will Dryden left last week for San Francisco where he hopes the change in climate will cure his asthma.

Mrs. Arnold Rumwell and children, of Palo Alto, were guests of Mrs. Flora Saxon several days last week. Mrs. Rumwell will be better remembered by her maiden name, Muriel Saxon.

Mr. and Mrs. Pete Biocini and baby have returned from Oakland where Mrs. Biocini and child have been staying several weeks with Mrs. Biocini's sister. Mr. Biocini went down after them, leaving early Thursday morning an d returning home the same night.

Mr. and Mrs. R. H. Evans have returned from two months' visit in the east. They visited relatives in Indiana and then went on to New York City where they saw the World's Fair.

Mr. and Mrs. Eugene Burns, both of whom teach in the Scotia school, are visiting Mr. Burns' mother, Mrs. Carrie Burns. The couple spent most of their vacation at summer school after which they made an auto trip through the Pacific northwest and visited Mr. Burns' brother, Chester Burns, in Seattle.

Mr. and Mrs. Frank Whitney have returned from a two weeks' visit in southern California.

Mrs. Bob Corbett, Jr., and daughter, Barbara, visited the San Francisco Exposition last week.

Mr. and Mrs. Roy Good and daughters, Ethel and Alice, left last week for a short visit in Los Angeles.

Mrs. Olive Waters, of Bakersfield, visited her sister, Mrs. D. C. Case, last week. She was born and raised in Willits. She was accompanied by Miss Mary Thompson, of Anaheim, and Mrs. Laura Thompson, of Pomona.

Miss Maxine Duffield has returned from a 5000-mile auto trip that extended as far north as Calgary, Canada, and as far east as Salt Lake City. The National Parks of western Canada and Yellowstone were among the places visited.

Oiling The Roads.

Supervisor Duane Bittenbender had his crew leveling some of the valley roads last week and Monday of this week another crew started oiling these stretches. Starting at the end of East Valley street the cross road will be oiled as far as Quadrio Park and then to Redwood highway a distance of about three miles. It is quite probable a stretch of the Willits-Fort Bragg highway will also be oiled.

Broaddus Creek Bridge.

A new double width bridge is being built across Broaddus creek two miles west of Willits on the Fort Bragg highway. This bridge has always been too narrow for trucks to pass in safety and several times high water washed out its approaches. The new bridge will be a little higher and much stronger than the old one and the approaches will be guarded against high water in the creek. C. A. Steele has charge of the construction.

Fr. Quinlan To Return.

Father Celestine Quinlan, who has been making a tour of a portion of Europe is expected home next month. He has visited Italy, Greece, France, Belgium, England, Ireland and the last word received from him was from Scotland. Upon his return home The Press expects to have a lengthy account of his travels and he has made a travelogue picture of the scenes visited with the camera he was presented when he left on the trip. These pictures and the travelogue account will probably be given at service club meetings in this county and at some other public functions. Father Quinlan has always contended grass grows greener in Ireland than it does in Mendocino county and his friends will insist on his showing pictures and samples of grass to prove this assertion..

Foreign Cars Lead.

A representative of the Redwood Empire Association was stationed at Lane's Redwood Flat two days checking on the number of state and out-of-state cars that passed that place during that period. The result was illuminating for the out-of-state cars constituted 52 per cent of the total.

Visitors From Cairo.

During the past few years all kinds of notables have been entertained at Hotel Van but last week that hostelry had three tourists from Cairo, Egypt. Mr. and Mrs. V. Poliakine and the mother constituted the party and they had just visited the San Francisco Exposition and were on their way north to Canada and thence east to New York where they will embark for home.

Advertised Redwoods.

Wednesday a party of four Belgians were Hotel Van guests and they wrote and mailed 25 scenic postal cards to friends in Belgium. These cards were mostly of Redwood trees and other objects which will help advertise the Redwood Empire.

Visit Deer Lick Springs.

Will Baechtel, Wade Cook, Will Felton and Theo Fulwider left Tuesday for Deer Lick Springs, Trinity county, where they expect to remain several weeks testing the merits of that highly publicized water. They went up by way of Humboldt county and will probably return by way of the Sacramento valley.

Al's Redwood Club.

Al Greenberg recently installed the very latest equipment in his Redwood Club. The furnishings consist of leather covered couches and chairs which are set off with a subdued lighting system. The furnishings and tables are all colored chrome tints and are probably the most expensive of anything in this line between San Francisco and Eureka.

Street Lights Gay.

Willits is one of the few towns in the Redwood Empire that has the business section lighted every night with colored strings of street lights which are stretched across the street. These lights in addition to the numerous Neon signs gives the town a carnival appearance. The street lights have been lighted every night since June and will be continued until the end of the tourist season.

Branching Out.

Jack Thayer has added a line of hardware to his stock of plumbing and other goods and will gradually increase this line along the lines that appear to be in greatest demand.

ON FAIR VISIT

Mrs. Annie Clark, of Laytonville, and her daughter, Miss Cecille Clark, who is a teacher in the Eureka high school, passed through Ukiah Friday enroute to San Francisco where they will attend the World's International Exposition.

INDIAN BASKET WEAVERS AT TREASURE ISLAND

(By Edith V. A. Murphey)

Friends of Indians and those interested in Indian basketry will be glad to know about some notable baskets which together with their weavers are now to be seen in the Federal Indian exhibit at Treasure Island.

Indians of Mono and Inyo counties in California are included in the jurisdiction of Carson Indian Agency so it was not surprising to see some of them at Carson Agency this past week.

Escorted by Miss M. MacAfee, social worker for the Agency, Mrs. Carrie Bethel, Paiute from Leevining, and Mrs. Mamie Joaquin and Mrs. Mary Wrinkle, Shoshones from Darwin, arrived at the Agency and trading post to rest and prepare for the Big Event of their visit to Treasure Island.

All of these remarkable weavers will pursue their art while there and many of their baskets will be exhibited.

Won Three Firsts.

Mrs. Carrie Bethel and Mrs. Joaquin are apparently about 35 years of age. Mrs. Bethel has had some contact with the public at Yosemite. In order to promote the keeping alive of this art the Park Service for years offered a prize for the finest basket produced. Three years in succession Mrs. Bethel won this prize. One hundred dollars each time!

This success impelled her to outdo even herself. For three winters past she has been working on an immense basket, which is still only half done. It measures more than 38 inches in diameter (figure the circumference yourself, please) and stands about as high from the floor as the average clothes basket.

It's Winter Work.

It will "Make another winter go fast to finish it," she modestly said. During very hot weather, such as we have been having for 19 days at Carson, she would not try to work on it, because the materials would get too brittle, but she was assured it would be cool enough at Treasure Island. She smiled skeptically, but nevertheless was taking along lots of material, just in case—.

This notable basket will be even bigger than the very fine one made years ago at Manchester, was it by Mrs. Martin Smith? But, perhaps that one, now in Smithsonian, I think, had a few more stitches to the inch.

Are Ancient Type.

Designs on this basket date so far back that they are lost in antiquity. It is common with Nevada and southern tribes to use two or even three designs on the same basket, which are not necessarily related. But, perhaps, it is just the white-man-ignorance which makes them seem so. Be that as it may, the only one which I could pick out, or make continuity with, was a clump of grass with flowering heads waving like tiny banners.

The dark red, so familiar in Pomo baskets, was the same thing, Redbud. The jetty black was fern root, stripped into narrow lengths, and soaked in rusty cans to set the color. The white was from silver willows, peeled, with the foundation "Boms," as the Pomos would say of peeled grass root. I suspect, a sedge.

Besides the BIG basket, Mrs. Bethel had with her creations of her own, one a very smooth and plain white one with top, no pattern. This was ready for covering with beads after the brilliant Paiute fashion.

Three other baskets in fascinating difference of weave and design, were products of some of her relatives, equal to her own work.

Sharp Of Eye.

Shy Mrs. Joaquin had no baskets with her. They are so fine she just can't keep any on hand, but she too will weave at the Fair. Her old friend, Mrs. Mary Wrinkle, had been on tour very little in a long and very active life, but her looks belied her name. Straight and slender, she regarded all the strange new things of her journey, with an active and bright-eyed curiosity that reminded one of a chipmunk. Her clear, dark eyes twinkled here and there, and never missed a thing. Only one basket was with her to prove her skill, but what a basket!

Not Very Large.

Slightly smaller than a quart bowl, it has a flat bottom. This is ornamented with a five-pointed star, what I call a Ramona star, because the so-called Ramona baskets in the Mission country all have them. This star is not a sharp-angled star, but the points are softly rounded and taper at each end. This star was made solidly of dark red, the natural color of the root of the Joshua tree. The flaring sides were made of silver willow split to an unbelievable thinness, thinner than an ordinary pin, and feeling silky to the touch. On this white background appears a flock of birds, in multicolor, probably native to Death Valley.

Real Artistry.

Some of these birds are about the size of an ordinary canary. Some have yellow heads—this is colored by a native grass—and some have an orange, or pale apricot color, which is obtained by weaving in, minutely, down from the yellowhammer's feathers. It is the yellowhammer, or red shafted flicker, whose feathers formerly made the handsome headbands used in ceremonial dances by the Pomos.

The black color on this fine basket is the same Joshua tree root, which has changed color by having a slow fire burned on the ground above the roots for three days.

A very fine grass root, peeled and split indefinitely, forms the foundation.

Look Them Over.

Mountain sheep with proudly curling horns are pictured in another of Mary Wrinkle's baskets, owned by the Superintendent of Carson Agency. The basket tells a complete story of the hunt. A man with bow and arrow, the mountain sheep, the desert floor with lizard, and the thin high line that denotes the highest peaks in the United States, all are represented in one basket, the finest I have ever seen, in number of stitches to an inch.

Go and see these artists, it is worth while.

Almost Hundred Girls On Outing

Scores of girls attending St. Rose School For Girls are at Noyo where they are enjoying a vacation. The property, famed for years as the Noyo River Tavern, and recently purchased by the Sisters of the Albertinum, has been remodeled and made into a summer vacation center for the boys and girls who attend the Albertinum and St. Rose schools.

Friend In Need Was Roy C. York

The other day Roy York observed a lost pointer dog dodging cars on the street near his home. Mr. York made friends with the animal and, taking him to his yard, fed him. Mr. York observed the dog had a Sonoma license tag on his collar and is getting in touch with the owner and will return him to his master.

PERSONAL MENTION

Peter Nonella was in Ukiah Monday being called by a special meeting of the grand jury, of which he is a member.

E. W. Hammond, brother of Fred W. Hammond, Sr., who has been passing a number of weeks at the Hammond country place on Robinson creek, returned to San Francisco the first of the week.

Mr. and Mrs. Eugene Burns, Alvin Burns and their mother, Mrs. Carrie Burns, were here visiting Mr. and Mrs. Archie Jones Friday.

Mr. and Mrs. Joseph Figone had as guests at their ranch home near Talmage for a week's hunting Walter Zanaroni, of Petaluma and George Hattie of Santa Rosa.

Harry Shimmin Now Is Justifying Himself

Harry Shimmin, manager of the Farmers' Club, has always prided himself on being one of the best hunters in Mendocino county for he was raised on a stock ranch and has been hunting ever since he was large enough to carry a rifle. Last week he went hunting as usual and when he spied a forked horn deer he up and banged away, but imagine his chagrin when he discovered that it was a doe. Mr. Shimmin says that even lady deer when out of their place are not entitled to protection and that is what the doe got for trying to assume a buck's proclivities.

SEEKING LICENSES

The following applications for marriage licenses have been made the past few days: Jack Taylor and Adelaide Silva, both of Fort Bragg; Elbert Marlin Banfill, of Ukiah, and Wilma Edna Mills, of Cloverdale; Joseph Newton Thomas and Lida Anna Whitley, both of Fort Bragg; John Agaton Olsen and Clara Mae Besoen, both of San Francisco; Joseph Eugene Akins and Mildred Irene Prarat, both of Willits.

IS OILING ROADS

Supervisor J. W. Pickle has a crew of men leveling up and oiling county roads in various portions of his district.

Mr. and Mrs. John Lind, of Willits, were here Saturday from their northern home.

ANDERSONIA TO OPERATE SOON

Work Of Getting In Shape Progresses Rapidly

Mrs. Minnie Lilley, of Lilley Redwood Park, was in Ukiah Friday on her way home from St. Helena Sanitorium where she was resting and recuperating for a few days last week. Mrs. Lilley reports the work of clearing away the debris in preparation for the restoration of Andersonia mill is now complete and the foundation of the mill is being laid. The machinery in the old mill is being converted into ball-bearing machines to be used in the new mill.

Activity Looked Forward To.

A steel and concrete bridge to be used as a summer bridge but which will be submerged in the winter time will be built. It will be anchored to a large boulder in the bed of Eel river. The old cook house has been renovated and is being used as quarters for the millwright. A home for Reginald Anderson, son of the owner, Neff Anderson, is under construction. The operation of the mill will impart an impetus to business in northern Mendocino county.

A. R. O'Brien is in San Francisco attending a meeting of the Board of Directors of the Golden Gate Bridge and Highway district.

DATE IS SET, BIG EVENT FOR CLUB WOMEN

Mrs. Ardis Roberts, president of the Business and Professional Women's Club of Ukiah, announces the National Federation has named October 8 to 14, inclusive, as National Business Women's Week. This celebration serves to focus attention of the public upon achievements of women in business and professions. The first National Business Women's Week was observed in 1928 and has since become a real institution in Federation affairs. The coming Business Women's Week will be marked by the celebration of "One Hundred Years of Women's Progress in the United States."

The posters which will advertise this event bear the dates 1839-1939. The first meeting of the local club following the summer vacation falls on Thursday, October 5, and the program will doubtless be devoted to consideration of the hundred years of progress.

Mrs. Drusia Harris, junior past president of the local club, has the honor of being chairman of legislation for the Redwood Empire District No. 7. Mrs. Harris announces the National Legislation Program includes (1) Extension and improvement of the merit system with reference to state employes, (2) Ratification of the Child Labor Amendment, (3) Jury service for women in those states which have not yet made women eligible for jury service, and (4) State legislation in conformity with the Federal Food, Drug and Cosmetic Act.

HAD JOINT MEETING

An intercity meeting of the Ukiah and Cloverdale Rotary Clubs was held in Cloverdale Thursday evening. This affair is an annual event at which a traditional menu of venison and green corn is served at the dinner. The corn is grown for this special purpose and is used when at its highest stage of perfection. A famous hunter goes forth into the forest to procure the venison for this epicurean meal.

ENTERTAIN SOUTHERNERS

Mr. and Mrs. James Logan and son, Edward, of Los Angeles, were guests of Mr. and Mrs. Lloyd Bittenbender for a few days the past week. LOCAL DIANA'S FAME WAS INCREASED

Miss Chrystine Burke killed a large forked-horn buck on her father's ranch on the Boonville road, Tuesday. The venison was kept in a Ukiah ice house until Sunday when it was skillfully prepared by Ralph Richardson and Wes Martin for a barbecue dinner held at Dr. E. C. Bennett's ranch home on the Low Gap road. The affair was attended by 30 riders from Bennett Field who will participate in the coming rodeo.

Miss Burke received much praise for her prowess as a hunter. The versatile Miss Burke is an unusually beautiful and talented young woman. She is a well known and successful teacher of this county, a trained vocalist and frequently sings in public. She is prominent and popular in local social and fraternal circles, is a skillful horsewoman and she and her sister, Wanda, have led most of the fair, rodeo and apple show parades in this county for several years past. Both are members of the Ukiah Riding Club and have appeared as star riders in the equestrian quadrilles put on here and elsewhere.

VETS AND AUXILIARY MET

Ukiah Post No. 1900, Veterans of Foreign Wars, of which Guss V. Wallach is commander, and its Auxiliary, of which Mrs. Guss V. Wallach is president, held their regular monthly social meeting in the Veterans Memorial Building Thursday evening. Mrs. Janet Lowe, chairman of the hostess committee, was ably assisted by Mrs. Ida Fuller, Mrs. Isabelle Miller, Mrs. Ethel Ruddock and Mrs. Emma Briggs. Cards and Chinese checker games afforded amusement until midnight when a delicious supper was served in the dining room. The tables were beautifully and brilliantly decorated with bowls of marigolds. A large number of members were present to participate in the pleasure of the party.

HAVING NICE VACATIONS

Mrs. Sadie Roeder, who teaches in the San Mateo school, and daughter, Miss Isabelle Roeder, who teaches in Crescent City, have been enjoying a few weeks in Ukiah where they are occupying the home of Mrs. T. M. Cleland, who is enjoying a vacation at Long Beach. During the past week Miss Isabelle Roeder and Mrs. Frances Girvin visited some of the Russian river resorts and drove up the coast route through Point Arena and Navarro and home by the way of Anderson Valley.

TO RETURN SOUTH

Mrs. A. A. Smith will take her daughter, Virginia, to Berkeley tomorrow where the latter will enter University of California and pursue a course of study for a business executive. They will be accompanied by Miss Ida Smith, of Birmingham, Alabama, who has been a guest in the home of her brother and sister-in-law, Mr. and Mrs. A. A. Smith, for a month past. The party will enjoy some time on Treasure Island where they visited a week ago. Miss Smith will leave for her home in the south early in September.

NOW AT KLAMATH

Dr. and Mrs. L. K. Van Allen and daughters are at Klamath, where Dr. Van Allen has a fine country place. They will be away until September first. Ray Rollin Wilson, of Corvallis, former principal of the local grammar school, will come down from Oregon and join the party while the families are on the river.

PREPARE YEAR'S PROGRAM

Mrs. Ina Branson, president of the Kosmos Club, announces the year book for that organization is almost ready for distribution. The work of the Club will proceed along the lines of philanthropy and gardens as in the past. The club expects to have a large representation at the county convention in Covelo September 30.

PLAN AN OUTING

Mr. and Mrs. Berry E. Dunn and Rayburn, of Burlingame, and Maureen and Milton Maguire are arriving the last of this week for a visit with Mr. and Mrs. Guy Redwine. The visitors will probably be entertained on the Redwine ranch near Laytonville. Mrs. Dunn is Mrs. Redwine's sister and the Maguires are her niece and nephew.

HIS DAY OF BIRTH WAS REMEMBERED

George W. Perry, a prominent pioneer of Mendocino county, celebrated his seventy-seventh birthday at a dinner party arranged by his wife at their home on South State street, Thursday, August 24. The interesting social function was attended by a number of guests, some of whom were lifelong friends of the Perry family. A charming color scheme of pink and white prevailed throughout the floral decorations and the menu. The lovely birthday cake was a delicious pink and white confection made to order at a local bakery. To conform to the color scheme, the cake was served with pink and white ice cream. It was the gift of Mrs. Clara Cooper, of San Francisco, who is a guest in the Perry home.

George W. Perry was born at Albion, August 24, 1862, and has lived all his life in this county. His maternal grandfather, Peter Wimmer, came across the plains from Missouri in an ox train in 1847 and located at Coloma on a small place. Letters written at the time indicated he was with Marshall when gold was discovered. He picked one of the first nuggets out of the millrace and took it to his home where his wife was making soft soap. They tested the metal in the alkaline solution and it proved to be genuine gold. He gave the nugget to Marshall, who was boarding with the Wimmers at the time. A few days later, Marshall carried this lump of precious metal with others like it to Sutter's Fort, 45 miles away, from whence spread the news of the discovery to all parts of the continent.

Mr. Perry's father came across the plains in 1856 in the same wagon train with Charles Hargreaves, father of the well known Hargreaves family of the coast section. He came to Coloma, where he was married, and later lived at Hangtown, Napa, Fish Rock and Little River. He ran the sash saw at the Albion mill many years and then moved to Anderson Valley on what is now known as the Guntley place.

Mrs. Carrie Perry's parents came across the plains with an ox team in 1856 and lived at Grass Valley and then at Napa. They later came through Lake county and over to Little River, traveling with ox teams. Mrs. Perry was the first white child born in Little River. Carrie Mack and George W. Perry were married in the Gorman Hotel at Mendocino, July 1, 1883, and last month they celebrated their fifty-sixth wedding anniversary. They have three children, Mrs. May Remstead, and Walter and Willis Perry. They have resided for the past 20 years in Ukiah, where Mr. Perry has served as manager of a local drying yard. Mr. Perry is a member of Stella Lodge No. 213, I. O. O. F., of Mendocino, and Mrs. Perry is affiliated with Cornelia Rebekah Lodge No. 205 and is a charter member of Ukiah Parlor No. 263, Native Daughters of the Golden West. This worthy couple have a host of friends in this county who will wish them many happy years to come.

ADMISSION DAY PLANS

Since the next regular meeting date of Ukiah Parlor, N. D. G. W., falls upon the Labor Day holiday, that meeting will be cancelled, and the next meeting will be held on the third Monday, September 18. Members of the local lodge are making plans to attend and participate in the Admission Day celebration in San Francisco and on Treasure Island. There will be parades, drill team contests, a dance and various other forms of entertainment.

ARE IN THE ISLANDS

Mrs. J. E. Scott has written Ukiah friends of the safe arrival of herself and children in Honolulu. Each member of the Ladies Presbyterian Society sent her a gift attractively wrapped which she was to open while she was on the high seas. She and her daughter and son are delighted with "the Paradise of the Pacific" and will have many interesting things to tell of these romantic isles when they return home.

AT STEIERT HOME

Mr. and Mrs. A. R. Steiert had as guests Friday Mr. and Mrs. Arthur Johnson, who were returning to their home at Anaheim from a motor trip to Vancouver, British Columbia, from whence they enjoyed a steamer trip to Prince Rupert and Victoria.

CLUB DETAILS COMPLETED AT MEETING

A meeting of the executive board of the Mendocino County Federation of Women's Clubs was held at Hotel Van, Willits, Thursday, August 17, with Mrs. E. M. Fish presiding. Following luncheon served in the hotel dining room, the executive session of the board was conducted on the mezzanine floor of the hotel with a large number of members present. The appointment of county chairmen was ratified by the Board as follows: Americanization, Mrs. Mark A. Eglin; California History and Landmarks, Dr. Dorothy Jordt; Child Welfare, Mrs. I. C. D. Branson; Mendocino Study Club, Mrs. G. T. Barcklow; Saturday Afternoon Club, Mrs. R. R. Ingels; Sorosis, Mrs. Myrtle Bryan; Willits Improvement Club, Mrs. Lola K. Josephson.

Members present who will serve on the San Francisco District executive board were Mrs. W. H. Higgins, chairman of Mental Health; Mrs. G. M. Biggar, chairman of Education; Mrs. Olive E. Busch, chairman of Indian Welfare; and Mrs. E. M. Fish, who as a county president, is ex-officio member of the board.

Plans were completed for the autumn county convention which will be held in Covelo September 30. The Covelo club women hoped to hold their convention in their new clubhouse, but, unfortunately, the building will not be completed in time. The program chairman for the convention announces Juvenile Problems will be the main subject of consideration at the convention. The principal speaker will be Rev. Paul B. Artis, who is director of the Community Club of Fort Bragg and a member of the county probation committee.

Mrs. Thomas H. Richards, president of the California Federation of Women's Clubs, and Mrs. Verner R. Ronk, president of the San Francisco District of the C. F. W. C., will be guests of honor at the convention.

TO HAVE GARDEN PARTY

The next meeting of the Ladies Presbyterian Society will be held at the home of Mrs. Lorena B. Stout, Thursday, September 7. If the weather is favorable, the meeting will probably develop into a garden party. The beautiful grounds around this home form a charming setting for such a social function. Mrs. Lorena B. Stout and Mrs. Ida Harris Brown will be the hostesses of the afternon.

RESUMED STUDIES

Mrs. George P. Anderson and son, George, Jr., drove to Berkeley Tuesday. They were accompanied by Miss Caroline Anderson, who will re-enter the University, and by Miss Josephine Ward, a graduate of the University. Mrs. Anderson and son later visited friends in Benicia and returned home Wednesday.

Burke is Master, will hold its first regular meeting after the summer vacation at Steiert hall, Friday evening with Mr. and Mrs. George Davis acting as chairmen of the entertainment committee. A class of candidates will be initiated with the ritualistic work being exemplified by the regular officers.

HER GOLDEN JUBILEE IN JANUARY

Sister Benedicta, a competent and beloved teacher in the Albertinum school, recently celebrated her seventy-ninth birthday and is continuing her worthy work during her eightieth year. Sister Benedicta was born near Metz, in Alsace-Lorraine, July 25, 1860, while that province was under French rule. She saw it come under German sway as a result of France's crushing defeat in the Franco-Prussian war in 1870 when she was 10 years old. She has since experienced the satisfaction of witnessing the return of Alsace-Loraine to France at the close of the World War. Its fate again seems to hang in the balance in the face of a threat of a more devastating war. Her maternal grandfather, Nicholas Francis, served as a French soldier in the Napoleonic wars.

Sister Benedicta was one of six children, all of whom came to California with their parents, Mr. and Mrs. John Pierre Kroutsche, in 1876, when she was 16 years old. Two of her brothers determined to come to America and the parents refused to have the members of the family separated, so they sold their property and all came to California, locating first at Rio Vista in Solano county. Here Sister Benedicta attended the public schools and learned the English language, which she speaks fluently and with little or no trace of French accent. She and her sister, Jeanette Frances entered the convent in 1888. The sister who has helped her with her work here passed away on September 19 two years ago.

Sister Benedicta came to Ukiah August 6, 1903, and has been actively engaged in teaching and welfare work among the Indians of Ukiah and vicinity since that time up to a recent date when the work was taken over by Sister Rufina. Sister Benedicta has taught various schools and classes at Hopland, the rancheria south of Ukiah, Guidiville, Redwood Valley, Pinoleville and Potter Valley.

The long period Sister Benedicta has been teaching, however, is exceeded by a stretch of years greatly surpassing the educational activity of this good woman, for, in January next, Sister Benedicta will have been connected with the Sisterhood half a century. Few there are who have gone about quietly doing good as long as Sister Benedicta and none more consistently in self-denial attitude.

The Indian children are now taught in the public schools of the county but the sisters continue to give religious instruction to the Catholic children of this and neighboring communities. They have a class of about 10 in Potter Valley, 30 in Redwood Valley, 15 in Pinoleville and 30 in three different classes in Hopland. The sisters go to the public schools and take the children to some appointed place where the instruction is given. They must then return them to their homes as the school busses are gone.

Sister Benedicta, although she is no longer able to go out to teach continues her usefulness and beneficence by sewing for the Indian children and by giving advice and admonition to those who constantly consult her.

Sister Benedicta is a noble character and has done a wonderful and most worthy work among the natives of this neighborhood by whom she is profoundly respected and deeply beloved.

HOME TOWNERS CALLED

Mr. and Mrs. Sam Welton, of Carlinville, Illinois, who are traveling across the country by automobile, visited Mrs. Edith Hampton and Miss Ruby Knowles at their home on North State street one day last week. Carlinville is the home town of the local women and their father, a man well over 90 years old, a brother and other relatives still reside there. Mrs. Hampton and Miss Knowles visited their father last fall and may plan to make another trip this year. The Weltons were delighted with the week and greatly admired the forests of Douglas fir in Washington and Oregon and the redwoods in California. After visiting the Golden Gate Exposition they are returning by way of Arizona.

VISITED AUNT

Mr. and Mrs. Carl Franson, of Chico, called on Mrs. Franson's aunt, Mrs. Charlotte Collins, in Ukiah Tuesday. They had been on a trip to Treasure Island and were driving to Upper Lake where they were to visit with Mrs. Franson's parents, Mr. and Mrs. Ellery D. Sleeper.

GO TO CITY

Misses Nettie and Pearl Taylor are visiting their nephew, Wakefield Taylor, and other relatives in the Bay area. Mrs. Mamie Taylor is up from the bay region to visit her son, John W. Taylor and his family.

CLUBS ARE BUSY PREPARING YEAR BOOKS

The various federated clubs of the county are now busily engaged in completing their new year books. They will doubtless all want to print the authorized version of the Collect, which has been accepted and used by the National and State Federations. Last May, Miss Mary Stewart, of Colorado, was a guest of honor at the State Federation Convention in Oakland where she read and explained the popular prayer. She is engaged in Indian Welfare work for the Department of the Interior of the United States government. In this line of duty she made a trip to Round Valley last year, where she visited the Covelo Woman's Improvement Club. This was the first club of the county to adopt and use the authorized version of the Collect. Any county club which does not find a correct copy available may obtain one by writing to the county chairman of press and publicity.

AT HOLZHAUSER HOME

Mrs. Robert Cleveland, who is on her way to her home in San Francisco, after visiting her son, George, in Eureka, will be the guest of Mrs. Werner Holzhauser 10 days.

GRANGERS HAVE DAY

Wednesday, September 6, is Grange Day at the State Fair and as Mendocino has become such a well organized Grange county, doubtless, many Grangers will plan to attend.

MRS. W. H. HIGGINS AT MEETINGS OF FEDERATED CLUB

Mr. and Mrs. W. H. Higgins returned home Wednesday after passing a week on the coast of the county. They left Sunday for San Francisco, where Mr. Higgins is attending to business and Mrs. Higgins is visiting with her sister, Mrs. Harold Bolton, and attending club meetings including that of the executive board of the San Francisco District C. F. W. C. which was held at the Western Women's Club, August 28.

WED MONDAY MORNING

Early Monday morning Miss Viola McDonald, of Talmage became the bride of Romy Brockett, of Stockton, at a ceremony performed by Judge D. R. Ward of Hopland. Mrs. D. R. Ward, Miss Madelene Orr, a close friend of the bride, and Len Michaelson were witnesses. Mrs. Brockett plans to join her husband at Stockton in the near future.

UKIAH PREPARES TO WELCOME B. & P. WOMEN

The Business and Professional Women's Club of Ukiah, of which Mrs. Ardis Roberts is president, is completing plans for the meeting of Redwood Empire District No. 7, which will be held on October 21-22. The Redwood Empire District was organized in the Canton room of The Palace Hotel by Mrs. Estelle Close who was then president of the Northern District. The Ukiah Club will be the hostess organization and its members will wish to extend the most cordial welcome and generous hospitality possible to the visiting officers and members. Mrs. Julia M. Beede, of Napa, president of the Redwood Empire District, will conduct the meetings. It is hoped and expected Mrs. Maude E. Empey, of San Jose, may also be present.

Mrs. Empey, a past state president, served last term as national chairman of education at the National Biennial Convention, held in Kansas City, July 9-14. She was elected recording secretary of the National Federation. The Redwood Empire District is honored by having one of its leading and best known members elected to a national office. Mrs. Empey is a successful business woman, being now the senior partner in the firm of Empey & Douglass Realty Company of San Jose. Mrs. Empey has been a Federation member 20 years and during that time has served in many capacities. Many of the local club women have met Mrs. Empey at conventions and know her quite well, personally. They will be glad to welcome her and other officers and members of the district federation to Ukiah.

WAS SHOWERED

Logan Anker, who was born and raised in Ukiah and graduated from our local high school, but who is now a Willits mortician, will be married shortly to Miss Annabelle Young, a prominent young lady of the northern city. Last week the friends of the bride-to-be gave her a shower in honor of the event at which numerous useful and valuable presents were given. The prospective groom is related to members of the Anker family living in Ukiah and also has a wide acquaintance among ranks of our younger set. The prospective bride has resided in Willits several years and is a charming young woman.

WESLEYAN GUILD ELECTS

New president of the Wesleyan Guild is Mrs. Ernestine Gibson Davis, who will succeed Mrs. Sylvia Van Dyke to the post. The new staff includes Mrs. Virginia Sharp, secretary, and Miss Louisa Hinds, treasurer. Installation will be candlelight ceremony conducted by the outgoing officers. Election took place at a recent meeting of the Guild at the home of Miss Mildred Prather, who was assisted by Miss Lorraine Pike as co-hostess.

BACK FROM NORTHWEST

Mr. and Mrs. William Heryford and daughter, Mrs. Fodie Voigts, and granddaughter, Shirley Voigts, returned home Saturday evening from an extensive motor trip through the Pacific Northwest. They visited the Oregon Caves, Crater Lake and the Lava Beds in the volcanic area of the northeastern part of the state. They then drove to Reedsport and came down the coast route. In Eureka they visited with Mr. Heryford's niece, Mrs. Susie Murphy, and with her son and daughter-in-law, Mr. and Mrs. William Murphy.

CELEBRATE ANNIVERSARY

County Tax Collector and Mrs. George W. Davis were given a party and reception at the home of Mrs. Hallie Case, Willits, last week in honor of their twenty-third wedding anniversary. Mr. Davis was born and raised in Willits and his mother was the first white baby born in that valley. Mrs. Davis also lived in Willits a number of years and is well and favorably known.

ENJOYED OUTING

Mr. and Mrs. Henry Gomes returned to Hayward Thursday after a few days passed at the home of Mr. and Mrs. John Poma, parents of Mrs. Gomes, and were accompanied by Misses Yolanda and Giovanna Bricarelli, who were guests of their aunt until Sunday at Hayward, passing Saturday with Miss Jane Poma in San Francisco. A day at Treasure Island to see the World's Fair was another pleasant feature of the trip.

LOCAL WOMEN GET WIDE RECOGNITION

Mrs. Verner R. Ronk, of Santa Rosa, president of the San Francisco District of the California Federation of Women's Clubs, called the first meeting of her executive board at the Western Women's Clubhouse in San Francisco, Monday. The meeting was attended by members of the board from Mendocino county, who were probably appointed on account of their special qualifications at their location in the district.

Mrs. W. H. Higgins, of Ukiah, a past county and district president and past state officer, was named chairman of human relations, a new department in Club work. Human relations is a pressing problem occupying the breathless attention of the world today. Mrs. Higgins is one of the most experienced and outstanding clubwomen of northern California and is eminently qualified to conduct this important division of Club work.

Mrs. G. M. Biggar, of Covelo, past county president, is a well known educator and is especially fitted for the work of District chairman of education.

Mrs. Olive E. Busch, of Ukiah, district chairman of Indian welfare, is favorably located for this work as, according to Mrs. Edith V. A. Murphey, county chairman of Indian welfare, Mendocino county has a larger Indian population than any other county in the state. She has the support and help of Mrs. Murphey, a past district and state chairman, who probably knows more about conditions affecting Indian life than any other member of the Federation. Mrs. Murphey has declined to continue in the higher chairmanship because her time is completely occupied with actual welfare work. The aged and blind Indians are awarded pensions and the unemployed receive relief. All able and willing to work are now employed in the orchards, vineyards and hop yards.

SEEING DAUGHTERS

Mrs. Katherine Nicholson was a passenger on the Wednesday afternoon train for San Francisco, going to meet her youngest daughter, Mrs. C. A. Ball and son, Elgin Ball, who motored from Tucson, Arizona, for a family reunion at the home of Mrs. James H. Moran (Ruby Nicholson). Several days will be passed at the Exposition when a trip is planned to Ukiah and Covelo by the visitors to see relatives and old friends. Returning to Tucson Mrs. Nicholson will accompany her daughter and grandson for a visit until early winter.

RETURNED TO COLLEGE

Mrs. Frank F. Zeek motored to Berkeley Tuesday with her youngest daughter, Miss Erma Zeek, who was returning to University of California for her senior year. After seeing her daughter nicely settled Mrs. Zeek returned home Thursday evening.

VACATIONING IN SIERRAS

GREAT STARS IN CAST OF NEW IRVING BERLIN MUSICAL

One of the greatest combinations of talent ever gathered for one show makes Irving Berlin's "Second Fiddle" a production to which all Ukiah has been looking forward, according to Manager Geo. C. Moore, of The State Theatre, who reports many inquiries for the opening date. Just imagine, screen fans, Sonja Henie romancing with Tyrone Power to the melodies of Irving Berlin's six new songs with singing Rudy Vallee cutting in and Edna May Oliver cutting up and new-star Mary Healy and Lyle Talbot and Alan Dinehart all in it, too, and Sonja skating her sensational ice tango for the first time on the screen — no, never mind your imagination, for that's the "what's-what" of "Second Fiddle," Twentieth Century-Fox production at The State Theatre Sunday and Monday.

Many Fine Hits.

Abounding with the entertainment surprises typical of Darryl F. Zanuck's musicals, "Second Fiddle" shows Sonja with her first screen skating partner and introduces a new ballroom dance craze, the "Back to Back." Berlin hits in the film are "I'm Sorry For Myself," "An Old-Fashioned Tune Always Is New," "When Winter Comes," "Song of the Metronome" and "I Poured My Heart Into a Song."

Paying the same scale as last year for prune pickers and slightly less for hop field workers because the crop is more abundant and easier to get, ranchers drew the ire of a CIO agricultural workers' union official.

Woman Is Active.

The official, Mrs. Elizabeth Sasuly, secretary of the United Cannery, Agricultural, Packing and Allied Workers of America, not only critized the wage scale, but condemned several state organizations for aiding growers to obtain harvest help. Recently the state relief administration turned all "employables" on its rolls over to the California employment service to help fill the pressing need for harvest hands. With many veteran (18 months or longer) WPA workers ordered dropped from payrolls by Washington, D. C., officials, such persons also were turned over to the employment service.

Need 4000 Workers.

The ranchers and orchardists, facing necessity of harvesting a fast ripening crop in less than a month, appealed for help. The employment service has been and is seeking harvest hands. Roger Thomas, head of the local office of the service, said last night that, although 1000 persons arrived for harvest work yesterday, approximately 4000 more workers are needed now.

Asks Wage Hearings.

Mrs. Sasuly, in her verbal attack, asserted in San Francisco: "There are already several agricultural workers for every job in the state and the appeal for 5000 workers in Sonoma county can only lead to a large surplus of labor and consequent privation and distress, as happened in Sonoma several years ago. Last year hop pickers were paid one and one-half cents a pound. This year they are being paid only one and one-quarter cents a pound. Farmers declare that, at this rate, a good picker can average $2 a day, but they are not soliciting good pickers. They are calling for the city unemployed, most of whom have never worked in the fields before. The statement urging families with children to come to Sonoma is an appeal for child labor."

Situation Critical.

She criticized the SRA for its announced co-operation with the employment service without waiting for a committee appointed by Governor Culbert L. Olson to set a Sonoma county wage scale. Mrs. Sasuly stated the UCAPAWA is urging the governor to hold wage hearings for the Sonoma county area immediately. Walter Chambers, acting SRA administrator, recently said the SRA had an agreement with the employment service in which SRA clients would be cut off relief if they refused to accept work which conformed to the state standards. The appeal for workers, officials explained, has been statewide, and not directed to cities primarily. As a result, many workers have been arriving from inland valleys as well as various communities.

NAGGING BACKACHE
May Warn of Disordered Kidney Action. Don't Neglect It!

Modern life with its hurry and worry, irregular habits, improper eating and drinking, exposure, contagion, *whatnot*, keeps doctors busy, hospitals crowded. The after effects are disturbing to the kidneys and oftentimes people suffer without knowing that disordered kidney action may cause the trouble.

After colds, fever and similar ills there is an increase of body impurities the kidneys must filter from the blood. If the kidneys are overtaxed and fail to remove excess acid and other harmful waste, there is poisoning of the whole system.

Symptoms of disturbed kidney function may be nagging backache, persistent headache, dizziness, getting up nights, swelling, puffiness under the eyes — a feeling of nervous anxiety and loss of strength and energy. Other signs of kidney or bladder disturbance may be burning, scanty or too frequent urination.

In such cases it is better to rely on a medicine that has won world-wide approval than on something less favorably known. Use *Doan's Pills*. They have been winning new friends for more than forty years. Be sure to get *Doan's*. Sold at all drug stores.

THE REASON DOAN'S ARE FAMOUS
All over the country grateful people tell others: "Doan's have helped me; I recommend them to you." That is why we say, Ask your neighbor!

Francisco where his friends are due for a treat. Mr. and Mrs. Dormey are well known here as they have passed some time in the valley several summers, usually as guests of Mr. and Mrs. H. A. Albert, but this year friends accompanied them so all are enjoying camp life. Mr. Dormey has been in the employ of Langendorf Baking Co. for the past 25 years.

Watches The Line.

Mr. and Mrs. Meryl Ingram, of Indio, accompanied by their two sons, are visiting relatives in the valley. Mr. Ingram, who is the only son of Mr. and Mrs. C. T. Ingram, is in the Federal employ. He has charge of the sub-border station between the U. S. and Mexico, with a staff of 12 men under him. He has been in the Border Patrol several years and is steadily advancing in the service.

He Stood High.

Postmaster George S. Lawson drew a grade of 98 per cent when his office was inspected last week by an inspector from San Francisco. This is a gain of one per cent over the last inspection in 1937 when he was graded 97 per cent and due to his high mark no inspection was made last year. The inspector complimented Mr. Lawson on the way he was running the Boonville office and stated no complaints had been received against this postoffice. Business handled by the Boonville postoffice during the second quarter, ending July first, totaled over $9000 and, unless there is a slump, this office should be made third-class next year.

Had Enough Kansas.

Mr. and Mrs. George Estes and small son, Lewis, arrived recently from Ellenwood, Kansas, where they have been since last spring. They do not paint a very favorable picture of conditions there and seem glad to get back to California. At present they are staying at their home, which they rented to the Clarence Hulberts, and caring for the Hulbert children while Mrs. Hulbert is recovering from a tonsil operation performed Thursday in Ukiah, by Dr. H. O. Cleland. Mrs. Hulbert is with her parents, Mr. and Mrs. C. E. Price, at their home in Philo. Mr. and Mrs. Estes have two houses on their property and they plan to move into the one off the highway in the near future.

Many At Event.

The potluck supper at the Boonville church last week drew a large crowd and a very pleasant evening of singing was enjoyed following the supper. The church ladies were delighted to welcome Mrs. George Estes back. She is one of their most active members.

Looks Like Emancipator.

Mr. and Mrs. E. F. Jewett and children and the former's mother, Mrs. George Jewett, visited in Boonville while enroute home after taking part in the caravan from Fort Bragg to Treasure Island Sunday. Mr. Jewett closely resembles Abe Lincoln with the face decorations he is growing for Paul Bunyan day.

To Attend U. C.

Ben Van Zandt and father D. H. Van Zandt, motored to San Francisco last weekend and Ben registered for the first semester at U. C. His father returned home Monday evening.

Saw Both Fairs.

Prof. F. W. Frye and daughters, Virginia and Patricia, of Eureka, were here last week and were accompanied by Mr. and Mrs. W. H. Clay, grandparents of the girls, to San Francisco for the Fair. The Fryes have just returned from a motor trip to the New York Fair and are enroute to their home in Eureka where Prof. Frye has taught in the high school the past 15 years.

Ernest Thornton, manager of The Arcata Theatre, and wife, have been visiting Mr. Thornton's parents, Mr. and Mrs. B. A. Thornton ,a few days.

Hold Everything—Paul Bunyan Returns

Babe, Paul Bunyan's blue ox, and everything that pertains to a real lumberjack celebration will be seen in Fort Bragg September 2, 3 and 4, when "The Return of Paul Bunyan" will be observed. Included in the big three-day program will be folk dances, old-fashioned dances, music by the Redwood Wildcats and Paul Bunyan Band, and many contests of skill including axe throwing, log rolling, log chopping, log bucking, greased pole and hi-pole climbing. Evelyn Waara and Ethel Marie Thurman sharpen Paul Bunyan's axe under direction of Babe.

Frank Branson Underwent Ordeal For An Old Injury

Mr. and Mrs. J. D. Branson and son, Frank, passed the weekend in San Francisco, where they attended the Fair. On their way home they stopped over in Santa Rosa where Frank Branson submitted to a nasal operation performed by Dr. R. J. O'Connor, a specialist, to correct the results of an accident in his football days. Mr. Branson is rapidly recovering from the effects of the ordeal and left Thursday for San Francisco where he will attend the National Convention of Twenty-Thirty Clubs. He is a delegate from the Ukiah club, of which he is president.

VISITED MOTHER

Mrs. J. W. Butler enjoyed seeing her youngest son, John, student in U. C. L. A., who was in Ukiah last week on his way to Tule Lake in Oregon for a month's vacation with his brother, James Butler, before returning to college for his senior year.

Personal Mention

Mr. and Mrs. Mark King and son, Mark, Jr., and Mrs. Edith McCain, made a trip to San Francisco over the weekend and attended the Exposition on Sunday.

Attorney John L. McNab enjoyed the weekend at the McNab ranch near Largo. At this time of the year the McNab gardens are very lovely with their wealth of fall flowers.

Round Valley Prepares For Busy Winter Of Scholars

Carried from page 1

fire was one of the fastest and hottest seen here. Volunteer firemen hurried to the frantic call for aid, those who could not go sent tools, water guns and sacks. For their assistance and generous help Mr. and Mrs. Chas. Rice are deeply grateful as they saved their pretty Linda Vista home. About 300 acres rolled up in fast red-colored clouds, some valley pasture was burned — here the firemen worked frantically to backfire, saving buildings and dairy barns.

Got Better Job.

For the past year Mrs. Charlotte Ehling has been an energetic, efficient public health nurse in this district. For the summer she has made her home at International House, Berkeley, attending summer sessions in health hygiene and was active in the child labor conference held recently. Prior to returning here Mrs. Ehling was offered a much better position at Redding, which she accepted. Appointment of a new health nurse for this district is expected soon — no doubt a local nurse.

Club To Meet.

The first meeting of the new club year for the Women's Improvement Club will be held Saturday, at the home of Mrs. G. M. Biggar. The purpose of this meeting will be to form plans for the county convention to be held here September 30, when State Federation President Mrs. Thomas H. Richards and District President Mrs. Verner Ronk will be honored guests. A prominent speaker on child welfare (juvenile delinquency) will be another guest. Club President Mrs. Chas. Lovell will outline new and interesting plans for the year. A new feature has been the selecting of 18 program chairmen, each with three assistants—the idea for these committees is to serve but once during the year and it is important they all attend on this date, at which time the program committee consists of Mesdames G. M. Biggar, chairman, Rush Anderson, W. D. Rhoads and E. V. A. Murphey. Mrs. W. D. Rhoads will have a reading on Alaska, prepared by her grandson, Gerald Cope. Selected Edison phonograph records will furnish the musical airs. A presidential message and much important business is in store for this date. Do not miss coming.

Much Sorrow Provoked.

The sudden death of P. B. Westerman at Potter Valley saddened the many friends he had maintained through the years here. Long ago Mr. Westerman taught in town schools and in the district known as the lower end of the valley. Proof of the regard held for him, former students and friends are recalling those days at this time.

Accident Victim Better.

Leonard Henderson is home from Howard Memorial Hospital, convalescent from a recent accident which occurred at Eden Valley. Mr. Henderson is a well-known stockman and while leading a spirited young horse through a gate the animal became frightened and trampled him. He was not thrown from a horse, as has been stated. Mr. Henderson plans to return to Eden Valley in about a month.

Working On Bridge.

The Mina bridge is under construction and work is progressing rapidly. Alvin Grist is in charge of the work and most of the laborers are residents of that section. The county is building the bridge after bids, considered too high, were rejected. The 180-foot span is of steel, with four vents on the south approach and two on the north. Construction materials were placed on the ground a year ago, the steel being some which the county purchased at a saving in Sonoma county, having been used in bridges on Russian river. Supervisor Bittenbender passed a night at Mina last week and is again on the job this weekend.

His Trials Numerous.

The time came when Dr. and Mrs. J. E. Mooy ,two children and Wm. Mooy could slip unostentatiously away for a week with relatives in southern California before many were aware of their sojourn. The trip was made especially to attend the silver wedding anniversary of Mr. and Mrs. W. E. Barr, at Glendale. Seemingly unwearied, Dr. Mooy continues his round day and night. Many hard trips were made to the Travis mountain ranch. Dr. Mooy was one who helped carry the body of Frank Travis, on a stretcher, five miles over mountain trails to a waiting car.
